

THERE'S NO MYSTERY, IT'S A DEAL

Mystery is no mystery, it's a deal to be chosen. Take it or lose it, the way to win, is none other than your choice, and this is the sweet touch of MYSTERY DEAL. You are free to trade the points earned, during play, for mystery games. A minimum of 500 hundred points, is what triggers the MYSTERY WHEEL. With more points earned, come different levels of the MYSTERY WHEEL, win more mystery games and a higher multiplier on your bet level.

Take it a step up, gather even more points, and the hexagonal CRYSTAL WHEEL is rolled out. Crystals have always held mystical powers and this is no exception. You are offered 5 unique attempts; you choose to accept or reject the wheel's mystic offering. Points or mystery games are up for grabs, and points once again up towards the MYSTERY WHEEL! So go forth, ramp up the points, and aim for the mystic powers of the crystals, to make way for more points, cash or mystery!
