

SPIRIT Sisters

SISTERS OUT TO BATTLE DICEY TIMES

The world is not in array. The enemy is causing losses, and the skies have become dark. Last hope remains. The hope that gives humanity, the strength to fight back and seek wins. Hope that has been brought about thanks to mystical powers of the SPIRIT SISTERS in the form of ICE and FIRE. Two sisters that breed energies but share a common spirit: to make your dice spin into a new realm of hope. This is one of the legendary dice placement games of AIR DICE. Back in 2018, when the game was launched, it was one of the first of its kind, to feature a story telling pre-loader.

Powers, beyond us, are needed, in dicy times. Let the SPIRIT SISTERS work their magic, let FIRE and ICE combine to push aside the dark shadows that have taken over. And, it only takes your dice playing skills, to make this happen. Just place 3 bonus dice in a row, and will hover down to you, to show you the path to freedom. Once you hit the sister's SPIRIT BLAST BONUS GAME, a win awaits, whether it's cash points, mystery games or the progressive jackpot, you have 5 opportunities to accept or reject! Humanity's future depends on you, be sure to place your dice, before it's all gone!
